

# MARINE RECRUITMENT

THE  
HIGHFIELD  
COMPANY

## Experts in Marine Recruitment across the UK and Internationally

Do you want to work with someone who understands the difference between a sheet pile and a Caisson, a jack up barge and a crane vessel or the tidal surge across the UK, if so then get in touch with us and talk to the experts in marine construction recruitment.

Example projects we have supplied staff to:

- The Forth Bridge
- The London Gateway
- Thames Tideway
- Hinkley Point
- Liverpool 2 Container Terminal
- Mersey Gateway

At Highfield we have specialised in the recruitment of technical and commercial staff for marine projects both in the UK and overseas for the past 10 years. We have a large network and good understanding of the sector and have a proven track record of supplying specialist staff.

- We will find the best candidate for you
- We are not a large organisation driven by profits or sales stats
- Our priority is quality of delivery to meet our client's requirements
- We are ISO:9001 UKAS accredited
- Our quality process ensures that candidates are fully screened, interviewed and referenced to meet the high standard set by our clients
- Our staff are constantly undergoing professional development and training to ensure we are using the latest technology, highest levels of customer service and outstanding performance

Contact one of our specialist consultants for more information on our marine recruitment services
