

# STEEL RECRUITMENT

THE  
HIGHFIELD  
COMPANY

## Experts in Recruitment for Structural Steel Contractors

Do you want to work with someone who understands the nuances of recruiting on the UK Steel market? If so then get in touch with us and talk to the experts in structural steel recruitment.

We supply specialist steel staff across a variety of disciplines:

|                             |                         |                              |                            |
|-----------------------------|-------------------------|------------------------------|----------------------------|
| <i>Draughtsman</i>          | <i>Site Engineers</i>   | <i>Construction Managers</i> | <i>Quantity Surveyors</i>  |
| <i>Structural Engineers</i> | <i>Site Managers</i>    | <i>Project Managers</i>      | <i>Commercial Managers</i> |
| <i>Steel Erectors</i>       | <i>Site Supervisors</i> | <i>Estimator</i>             | <i>Fabrication Staff</i>   |

At Highfield we have a team specialised in the recruitment of technical and commercial staff for structural steel works both in the UK and overseas for the past 10 years. We have a large network and good understanding of the sector and have a proven track record of supplying specialist staff.

- We will find the best candidate for you
- We are not a large organisation driven by profits or sales stats
- Our priority is quality of delivery to meet our client's requirements
- We are ISO:9001 UKAS accredited
- Our quality process ensures that candidates are fully screened, interviewed and referenced to meet the high standard set by our clients
- Our staff are constantly undergoing professional development and training to ensure we are using the latest technology, highest levels of customer service and outstanding performance
